Invitation to a German-Polish Youth Meeting: ONE.NETWORK.EUROPE. 25 YEARS OF GERMAN AND EUROPEAN UNITY

How are things in Germany, Poland and Europe 25 years after reunification? What memories do we still have of German and European divisions? What does Europe mean nowadays - for us young representatives of both countries - and how can we by means of better cooperation come to terms with current challenges?

These are questions will be discussed in the context of the five-day-meeting "ONE.NETWORK.EUROPE. 25 YEARS OF GERMAN AND EUROPEAN UNITY" between German and Polish young adults, to get to know various ways of seeing things and to reflect on how they can shape our future in the best possible way.

- 3) reflect on European development through the medium of a "future workshop" and adopt a personal position;
- 4) be present during the prestigious Address on Europe given by Donald Tusk, President of the European Council, and experience world politics live;
- 5) explore Berlin as a site of German and European unity and also as a German-Polish metropolis.
